Australia

Publication Policy

The research papers are invited throughout the year though they are compiled for volumes published twice a year. The papers are scrutinized by the selection committee and original research work is accepted. The editors may reject the papers that are not up to the mark or the papers are sent back to the contributors for revision if these require slight modifications. The respective editors of languages and social sciences then recommend the papers to the chief editor who gives the final nod for publication.

As a policy we publish papers of members only. Membership form duly filled in, can be downloaded and sent to the chief editor. Kindly also fill the copyright form.

The paper should not exceed 3000 words and should be typed in Times New Roman with a font size of 12 with double line spacing. For papers written in Punjabi, only Satluj font and for those written in Hindi, Kruti Dev 10 will be accepted. The authors must also attach a brief note about their occupation, academic interests and achievements along with their present address for correspondence.
