

Research Guidance

The college has well qualified teaching staff. Having worked in diverse areas of their respective fields, they guide and encourage the students for research. The teachers, thus, make optimum use of the exposure gained by attending and participating in national and international seminars and conferences. The chemistry department has an approved research centre also. Presently, four students are enrolled for Ph.D. under the college teachers. The details are as follows:

1. Dr. Tarsem Sharma from Department of Punjabi is providing supervision to Ms. Kulvinder kaur and Mr. Davinder Kumar on the topics “Amrita Pritam ate Krishna Sobti de Navlan vich Aurat-Mard Sabandhi Tulnatmak Adhyan” and “Gurdial Singh de Galap Sansar vich pesh Smajik Rupantran da Mulankan” respectively.
2. Dr. Suresh Sharma from Department of Chemistry is providing supervision to Ms. Kirandish on the topic “DFT Study of Transition Metal Doping on Structural, Electronic Magnetic and Optical Properties of Diluted Magnetic Semiconductors”. Another student Ms. Sunaina has also joined under Dr. Suresh Sharma. Her research title has not been finalized yet.
